
Outlook Exchange 2007 Now supports SOAP

Posted by forum_support - 2008/06/06 21:33

Has anyone tried this out?

Found an article mentioning a success case on integrating Outlook Exchange with Linux based web application:
<http://www.sugarcrm.com/forums/showthread.php?t=30936&page=1>

This is a little hairy. Hope to find the SOAP integration cases...
